Mission Statement

Cathedral Bells is a publication of the parish of Saint Volodymyr Ukrainian Orthodox Cathedral in Toronto, Canada (UOCC).

Its mandate is to enunciate the Orthodox Christian faith, to foster the mission of the Ukrainian Orthodox Church of Canada, to provide a forum for the discussion of issues important to the church and its members, to publish notices and reports of events in our community, and to encourage all of our readers to explore all available sources of Orthodox Christian information.

On the Cover

The cover features an early XIX century Nativity icon from the Poltava Region of Ukraine. As early as the XVI and XVII centuries, the Nativity icon in Ukraine was simplified and made more like that of Western Europe. It focused on the Holy Family, the Heavenly Host, and the manger. What is unique in this particular icon is the figure of Joseph standing in the shadows with a lit candle in his left hand. The symbolism of this image is not clear.
